2021 has been an exciting year thus far. Who would have guessed that after the devastation of the worst Red Tide season in recent history, that Covid-19 would hit our community even harder in 2020?

Fortunately, automotive repair and service was deemed to be essential and we were able to stay open and thrive through this situation. Business practices have been challenging but we made changes to our scheduling philosophy to accommodate our customer's needs and safety. The changes made to our policies and procedures have helped us be more efficient and streamlined. In the end, business has exceeded expectations and we have finished off an outstanding season yet again. We have continued to upgrade our equipment and training to service and repair the newer vehicles that have been in the shop. Air conditioning repairs with the latest refrigerant, R-1234YF, can now be serviced at our facility. We will continue to ensure our customers have a Dealer Quality Experience when they visit A-1 Auto Care and, more importantly, feel as comfortable and safe as they are at home. We look forward to seeing you soon and Thank You for your business.

Pope Insurance Was Established In 1978 And Has Been Servicing The Insurance Needs Of The Local Community For Forty Years.

Brian Pope

As a sixth generation Englewood resident and the second generation at Pope Insurance, I am proud to help serve our Englewood community. I graduated from Lemon Bay High School in 2003 and the University of South Florida in 2008 before beginning my insurance career with American General Life and Accident. After working for a large corporate insurance company, I moved back to the Englewood area in 2013 with my wife, Katie, to participate in the family business. My wife and I had our first child, and we are very excited to raise him in this great beachfront community that I grew up in, and continue to call home.

Born and raised in Englewood, I moved back after graduating from the University of South Florida in 2008 to start my family and career. I now have two amazing children. We truly enjoy the Florida lifestyle and I could not imagine raising my children anywhere else. With 12 years experience in the insurance industry, and five years at Pope Insurance, I am very excited to continue growing Pope Insurance into a full service agency by offering Home, Auto and Business Insurance.

Island Jet Ski South Tours & Rentals has been in business in Englewood since 1995. My wife and I purchased the business in December, 2016 from the original owner and have been doing everything we can to improve the business, including providing superior customer service, adding to our line of high quality waverunners and promoting our new venture.

We concentrate on ensuring our clients have a wonderful and safe experience on the water, whether it's on jet skis, kayaks or paddleboards. We offer dolphin tours on jet skis daily, which are a big hit with our customers. Not only do we see dolphins, but usually, many osprey, white pelicans, sea turtles and iguanas.

If you'd like to add a special experience on the gulf and intracoastal to your day or vacation, please come see us. We take reservations online and over the phone.

Mike Douglass Plumbing is a successful full-service plumbing company. At the helm guiding the business, while maintaining reliable, excellent customer service, is President David Ray. David had a successful plumbing company in Illinois before selling it upon moving to Florida. Mike Douglass Plumbing was started in 2010 with four employees and has grown to over 50 employees to meet the plumbing needs of Englewood area residents. David is motivated by growing a successful full-service plumbing and lining company to help the community and his employees, with the vision of growing the business throughout the state. His biggest business challenge is communicating and understanding the needs of a variety of different customers and employees to ensure Mike Douglass Plumbing satisfies its customers. David's proudest achievement is raising three daughters and he always tries to be an influential part of his family's life. David keeps his family time separate from any work issues. He enjoys planning family vacations, trips, and events to unwind with his family.

It's an amazing feeling when someone smiles and thanks me for serving them their favorite meal. 8½ years later and our community is still supporting us as strong as they did on our very first day. This journey definitely has not been easy, but it's been very rewarding. Although I didn't have any restaurant background, cooking was definitely a passion of mine. The motivation my family gives me, as well as our community, has put me where I am today.

I'm one of 14 kids and with a family that big, my mother always taught us to be independent. With lots of patient advice and, of course, great recipes from my mother as well as my wife, I learned my way around a kitchen. I've always wanted to implement the value of hard work to both of my girls, Karla (21) and Susana (13). Showing them that as long as you work hard for something you are passionate about, achieving that goal is much more rewarding.

I moved to Englewood about 14 years ago, and without a doubt, it has been the best decision I've made.

Ernie's Dockside Marine

Ernie's Dockside Marine has been in business since 1981. My family and I moved to Englewood when I was 10 years old and have made Englewood home. My love of the water and boats started at a young age with my father who was also in the marine business.

Ernie's Dockside Marine recently moved to 2860 Avenue of the Americas. I am excited about this move as it gives the business a larger boatyard and is still in the heart of the commercial area of Englewood that is close to the water. I specialize in outboard repair and services. We are pleased to

offer new & used boats through Antonietti Marine, along with parts & service. We also install new Yamaha and Suzuki outboards. We service all major brands and have the latest computer diagnosis equipment for troubleshooting.

It has been my pleasure to serve the greater Englewood area for over 40 years and I look forward to serving the great people of Englewood and the surrounding areas for years to come!

I have been in the jewelry business for more than 35 years, and for the past 16 years, have owned Englewood Jewelers with my wife, Diana. We are originally from Michigan, where we previously owned two jewelry stores in the Grand Rapids area. As a family-owned business, Englewood is the ideal town for our full-service jewelry store. We enjoy meeting people from around the world and hearing their stories. Jewelry is personal, whether I am designing a new piece, or restoring a family heirloom. I find it rewarding to hear expressions of gratitude when my customers pick up their newly created treasures. In 2017, we opened "Downtown Jewelers" on Dearborn Street in Olde Englewood. Downtown Jewelers specializes in eclectic silver jewelry. We have a great staff that shares our passion for beautiful jewelry and serving our loyal and new customers. At Downtown Jewelers is our manager, Katy, and at Englewood Jewelers we have Joshua, Susan and Pat. In addition, our dogs tag along to work with us every day, two pugs, Ruby and Dancer, and a shih tzu, Pippi.

We work hard to bring a variety of styles from around the world into our store. Our engagement center is complete with a large selection, as well as our complete fine jewelry stock. All jewelry repairs are completed on premises, and we install watch batteries and offer watch repairs. Stop in! We look forward to meeting you.

Our business philosophy is to help our policy holders protect all of their assets, be it family, home and property, belongings, and/or business. We like to educate our clients so that they can ensure their future by insuring everything that needs to be insured, and within their budgets.

We face challenges every day, with insurance carriers often changing their underwriting policies. When those underwriting policies change, we sometime have to find new insurance carriers. This means that we are constantly searching to secure new products and carriers for our clients.

Expanding throughout the state of Florida presents risks for our business, but those risks have been worth it as our business has expanded very nicely.

Balancing our business and personal life is achieved by putting God first, family second and work third. We have been blessed. Jesus Christ, our Lord and Savior, has blessed us with good health and prosperity daily. We give all grace and glory to Him.

Meet Richard Jean, a realtor/broker who still enjoys helping people in all phases of real estate after 36 years in the business. Rentals, investment property, property management and listing/selling real estate, he loves it all. Richard is the president/broker of Suncoast Central Realty, 555 W. Dearborn St., where he currently manages over 70 units, listings and selling real estate. He is proud to say that he spent six years in the Navy with his primary duty at the National Security Agency. It is one of the scariest and yet most rewarding risks he has undertaken in his life. Also, tied for the most rewarding risk is relocating to Englewood, purchasing a commercial property to open his own real estate company, while still managing his Nashua, NH real estate company, Central Realty, where he oversees 300 rental units. When he is not working, he enjoys listening to music at local venues, spending time on the bay via pontoon or jet ski and loves to entertain, as cooking is a passion. He believes Englewood is the best place to live, work and play – Amen!

"Don't believe something is impossible, because that impossible thing is possible with hard work and dedication."

I grew up on a farm in Mexico. At age 14, I came to America with the hope of a better life. I started off as a dishwasher. A few years later, I was offered a job as a cook at Peter's Family Restaurant in Port Charlotte and I worked there for 23 years. During the last few years there I had an opportunity to open my own landscaping business as well.

Then along came a lucky chance to open my own restaurant with my brothers as my partners. I never thought I would be the owner of a restaurant, but my dreams came true! It turns out the restaurant life is in my DNA!

Englewood welcomed my family and me nearly 48 years ago. I have been practicing dentistry here for 32 years.

I am motivated simply by doing good and encourage others to do the same. I really enjoy helping to make beneficial changes in others' lives, and the dental profession has allowed me to do just that, whether it be a healthy change, a structural/functional change, a cosmetic change, or often a change in all three.

I enjoy working with a great team of dedicated health care professionals, especially my own fantastic staff, and specialists to whom we may refer our patients. A short summary of what we do for our patients is to listen and educate on the latest in dentistry and allow options they can choose to customize a treatment plan to fit their needs. We also offer high quality products and services, all at an affordable fee.

And, yes, we happily welcome new patients!

Honest and Dependable vehicle repairs and maintenance. Our Southern Mower division is continuing to expand as more landscape customers are making us their first choice for their auto/truck repair, as well as landscape equipment sales and service. This year we added American Landmaster UTVs. With our Price Match Guarantee, there is no longer any reason to go out of town.

Last October we started a new venture, trailer sales. So far it has far exceeded our expectations, as we have customers coming from all over the state. We are in the process of opening a trailer repair and welding operation, as well.

Community Service has always been a high priority of the Stiver family. Bill is a 35 year member, Foundation Chair and Past President of the Lemon Bay Sunrise Rotary Club, as well as longtime member of the Englewood Elks Lodge 2378, Managing member of the Lemon Bay Cemetery, and Treasurer of the Lemon Bay Basketball Boosters. Bill is a Pilot and Rescue Diver, and continues to play Ice Hockey year round.

Bill's immediate family is also in the Real Estate, Mortgage and Physical Therapy businesses locally, as well.

Born in Pennsylvania and raised in Baltimore, MD, Frank moved to Marco Island, Florida in 1978. Along his journey, he resided in South Carolina, Alabama, California and Massachusetts, only to return to the Beautiful Southwest Coast in Venice, Florida in 2010. He worked at The Gulf View Grill in Englewood as a Bartender and Event Coordinator.

In 2019, he embarked upon a new career and adventure in Real Estate and absolutely enjoys it, although he truly misses all of his friends he made at The Gulf View Grill.

In a short two year period, Frank is now one of the Top Producing Real Estate Agents at Coldwell Banker in Downtown Venice, Florida.

Being the son of an immigrant family from Cuba, I learned the values of hard work and excellent workmanship at a very young age. Those work ethics instilled by my parents have made me the man I am today.

With about 25 years of experience in the window tinting business, tinting cars, houses, commercial buildings, RVs, and other window surfaces, I have had the pleasure to work for the wonderful people of the Englewood and Port Charlotte communities.

My wife, Yany, and my son, Marc, are always my best inspiration and support. I would like to thank everyone that welcomed us and helped us succeed, even in the middle of the pandemic. I am here to stay and continue this journey of providing for the window tinting needs of this community. I truly appreciate the support and new friendships I have made.

It has been 9 years in our home at 7341 Sawyer Circle, (off Gasparilla Rd/CR 771) Port Charlotte and 17 years in business. Abel's Marine has seen lots of changes and growth; it is always a challenge. With owner Tony Towns at the helm, Abel's Marine is focused on maintaining a quality staff, quality products and quality service. Our expansion with service and partnership with Cape Haze Marina and Angie Ormond Ship to Shore Sales has given us great growth. We are expanding our sales of Avalon and Tahoe Pontoon boats, and adding a new sales lot at 6900 Placida Road, Englewood, in front of Cape Haze Marina.

Along with boat sales, we are a full line Honda Marine and Honda Power Equipment dealer, a Yamaha Marine dealer, Suzuki Marine dealer and Mercury Marine dealer. We are the authorized service center for Minn Kota and Motor Guide Trolling motors and authorized service center for Power Pole shallow water anchors as well. We have a ship store with added products including Maui Jim sunglasses, OluKai flip flops and shoes, tackle center, pumps and other accessories. Of course, we service and repair all outboard engines. As we say, "If it hangs off the back of the boat, we work on it!" We have certified technicians in Honda, Yamaha, Suzuki, Mercury and Johnson/Evinrude. Tony Towns is not just the captain of this ship, he is still the only Honda Marine Master Tech in the state of Florida.

Abel's Marine has been voted best of Englewood in boat repairs for 11 years running because of our awesome team and loyal customers. We'd like to say thank you to an awesome staff.

Thank you to all our customers, friends and family for your continued support of our great adventure. We are truly blessed!

Dave Galloway has been the driving force (along with his beautiful wife, Reneé) behind Galloway Roofing since its inception. There are many men and women that work hard and dedicate themselves to their work and their families, and Dave is no exception. He goes beyond every obstacle, having put into his company thousands of hours to ensure its success.

Dave picked up a hammer at a very young age and installed his first roof on his mother's pool home when he was just sixteen years old. The pride he felt after seeing his finished project made it clear to him that he wanted to repair and remodel homes, specifically roofs. Since then, Dave has proudly and diligently been applying roof systems to thousands of residential and commercial buildings both in southern New Jersey, where Dave grew up, and right here in southwest Florida, where he and his family have resided since 2006.

If you don't see Dave on a roof with his amazing team or in his office,

then you will certainly find him with his wife, Reneé, and their two children, Chance and Savanna, on the water where they spend most of their downtime.

Dave has provided jobs to dozens of people who think highly enough of their boss for them to put in the extra time and commitment, making certain each homeowner, builder and realtor are always satisfied with the exceptional service the Galloway Roofing Team provides.

Dave Galloway is a proud member of the Englewood Chamber of Commerce, Boca Chamber of Commerce, FHBA (Florida Home Builders Association), CDBIA (Charlotte DeSoto Builders Industry Association), a proud supporter of the CCSO and a past President to the Placida Rotary and current member, where he continues to volunteer his time to raise money for his community.

Not the suit and tie guys, the do-it-right guys!

Paradise Jewelers is a family owned and operated business, and we take great pride in our "hometown" customer service. We have served Englewood residents since 1991 when Paradise Jewelers was established by my father, Glen

Keaser. He began training me in 1993 and I am now a master jeweler specializing in custom settings and repair. We have three jewelers on staff. Our master jewelers design custom fine jewelry to your specification from your unused or unworn gold or silver pieces. Paradise hand carves all of our custom mounts in wax, using your design or we can design one for you. All of our work is done in-house, whether it is a simple resizing or complete custom mounting. We also offer diamonds and gems, and are happy to clean and inspect your items as a complimentary service to all of our customers; insurance appraisals of your items may be done by appointment. We also offer watch repair and battery replacement, as well as vintage clock repair. We would like to welcome our third generation jeweler in training, Nathan Keaser. I would like to thank my father, Glen, for giving me the opportunity to take over our family business. Without his support and guidance, I would not be the man I am today. Thank you Englewood. I look forward to serving you for many years to come.

Englewood Friends & Family,

It has been a traumatic few months for my family as we are grieving the loss of our extraordinary and exuberant son, Spencer. Spencer was traveling back to college after Thanksgiving weekend when he was involved in an accident on Interstate 75. He got himself to safety in the grass of the median, when a vehicle that was following too closely behind another driver swerved and struck Spencer. Spencer was a 2020 Lemon Bay High School Graduate and was studying to be in the dental field at Hillsborough Community College in Tampa. He is deeply missed and our lives will never be the same. We want to share our deep appreciation for the continued love and support we have received from so many of you. I am proud to have lived here for 35 years and raised my family here. I wouldn't have it any other way.

We offer many different services here at Gulf Coast Auto Salvage (the ONLY Junkyard in Englewood)! We buy junk cars and scrap steel, and are a U-Pull-It salvage yard. We sell batteries, wheels, engines, transmissions, 4x4 parts, interior parts, body panels, glass and more. We have a wide variety of used and new tires, and we do our very best to have the lowest prices possible. Our trained staff will expertly and courteously assist you. Thank you for keeping our doors open year after year.

I have been practicing dentistry in Englewood since 1994. My parents and grandparents were born and raised in Florida. I am one of eight siblings. I grew up in Ybor City and graduated from University of Florida Dental School in 1989. After dental school, I served three years in the U.S. Army in Germany.

I have four awesome sons, ranging in age from 22 to 31, who have made my life an incredible journey. Every day with them is an amazing adventure. Living in the Englewood Community, I have had the good fortune to develop many close and meaningful friendships.

Dentistry has been my passion. It brings me great joy to go to work every day. There are so many different aspects of dentistry, so it is always interesting and challenging to me. We have a great staff in my office and I am impressed by their knowledge and enthusiasm. We strive to maintain a family friendly environment.

We love our dedicated, long term patients and think they're the best! We always welcome new patients to our dental family.

MEN TODAY

African-American males are 60 percent more likely to develop prostate cancer than Caucasian men.

In the United States, one in six men can expect to be diagnosed with prostate cancer, while there is a one in seven chance that a Canadian man will be diagnosed with prostate cancer at some point during his lifetime.

Those elevated incidence rates could be a byproduct of an aging population, as age is a significant risk factor for prostate cancer. According to the Prostate Cancer Foundation, one in 10,000 men under age 40 will be diagnosed with prostate cancer. That figure skyrockets to one in 38 for men between the ages of 40 to 59, and one in 15 for men in their 60s.

Though age is perhaps the most significant risk factor, it's not the only thing that increases a man's risk for prostate cancer. In fact, there are a host of factors in addition to age that increase a

EXPLORING THE RISK FACTORS FOR PROSTATE CANCER

man's risk for prostate cancer, which the Canadian Cancer Society says will claim the lives of more than 4,000 Canadian men this year.

One such risk factor is where a man lives. Men who live in rural China, for instance, have a relatively low risk of developing prostate cancer during their lifetime. That risk is only 2 percent if a man stays in rural China his entire life. But that risk increases significantly if a Chinese man moves to the West, where a man in the United States has a 17 percent chance of developing prostate cancer.

And not only does which country a man lives in play a role, but also the location of his home within that country's borders can elevate a man's risk for developing prostate cancer. Men who live in cities north of 40 degrees latitude (north of Philadelphia, PA, Columbus, OH, and Provo, UT) have the highest risk of dying from prostate cancer, and researchers feel this is because men who live in such cities get less sunlight during the winter months and therefore less vitamin D.

Race is another risk factor for prostate cancer. Asian men have the lowest risk of developing prostate cancer, while African-American men are 60 percent more likely to develop the disease than Caucasian men. The PCF notes that African-American men are also 2.5 times more likely to die from the disease, which highlights the importance that African-American men must place on screenings.

Family history also plays a role in a man's risk for developing prostate cancer. Men whose fathers or brothers have had prostate cancer are twice as likely to develop the disease. Their risk increases even more if their fathers or brothers were diagnosed with the cancer before reaching the age of 55 or if they had three or more family members who were diagnosed with prostate cancer.

Research into prostate cancer is ongoing and continues to unearth new information regarding this potentially deadly disease. The PCF notes, for instance, that the risk factors for aggressive version of this type of cancer can differ from the risk factors for slow-growing cancers. As a result, risk factors that were once not linked to prostate cancer are now being linked to aggressive forms of the disease. Smoking, for example, might be a risk factor for aggressive prostate cancer, as is a diet void of vegetables. Neither factor, however, is thought to increase a man's risk of slow-growing prostate cancer. Additional risk factors for aggressive prostate cancer include height (tall men might have an elevated risk) and living a sedentary lifestyle.

Many men are aware of the importance of prostate cancer screenings. However, few might know that certain factors significantly increase their risk for being diagnosed with this potentially deadly disease. More information about prostate cancer is available at www.pcf.org.

Born and raised in Englewood, I left to pursue a Bachelor's Degree in Marketing and Finance at the University of South Florida. After graduation, I moved back to my hometown where I joined Xavier Financial & Mortgage Group, a family-run operation. We have one mindset: To help people in our community to the fullest extent of our ability. As the current president-elect of the Rotonda Rotary Club, I plan to uphold that promise to help the community that once raised me.

As a mortgage brokerage, we pride ourselves on our transparency and our above-and-beyond attitude — we treat everyone like family. If you ever have any questions about the mortgage or home buying process, or if you are unsure if you would qualify, give me a call and I can help.

 President
Omni Marine Enterprises

“Wow! That is a lot nicer than I thought it would be. Great Job!” Those are the words our customers use, here at Omni

Marine, after they see their new T-Top or Tower for the first time.

My job, as President of Omni Marine Enterprises, is to go beyond customer expectations and deliver the highest quality for a fair price. Our canvas and cushion shop, as well as our fiberglass shop, are held to that same standard. We are a one-stop shop for making your boat look like new, or accessorizing your new boat. I have put in a tremendous amount of time and hard work over the last 21 years to make Omni what it is today.

I moved to Englewood in 1978, at the age of 6, and graduated from Lemon Bay in 1990. Success has not come easily, but with hard work and consistency, Omni Marine has grown from one employee to nine. Along the way I have opened 2 more businesses: a repossession company and a powder coat shop. Both have grown at a record rate. Along the entire journey, my 23 year old son, Brandon, has been understanding of how business ownership can pull you in different directions. I am always up for a challenge and at the end of the day, if the customer is happy, then that is the best advertising that you do not have to pay for. That's my goal.

Living and working in this place we call Paradise is truly a blessing. Being a branch manager and a mortgage loan officer for Trustco Bank has been another blessing since it assists me in helping people achieve the American dream of home ownership. Trustco Bank has a streamlined mortgage process, as well as low down payment, low rates and closing costs which allow us to showcase programs most other financial institutions cannot offer. Combining that with our excellent customer service, terrific checking products and great deposit rates, Trustco lives up to their motto of "Your Home Town Bank" every day.

During the pandemic, Trustco Bank's 119 year commitment to its customers was evident as it was the only bank in town that had its doors always open.

Having been a resident of Englewood now for over 17 years, my wife Kathy and I love the sense of community that runs throughout the greater Englewood area. We are both committed to making and keeping Englewood a great place to live and raise a family. We work on several missions for helping homeless families get back on their feet. I also work on the Englewood Helping Hand advisory board.

I look forward to helping you with all your banking needs and seeing you around town and at church.

 Lic.# CCC1326705

Billy Kimberlin Roofing, Inc. has been in business since 2004. I have been a resident of Englewood for 42 years. I graduated from Lemon Bay High School in 1987 and was hired by the Englewood Area Fire Control District in 1990. After 28 years of service on the front lines, I retired as a Lieutenant, but am fortunate to continue with the Englewood Area Fire Control District as a Fire Commissioner.

My wife, Lori, and I have just celebrated our 33rd Wedding Anniversary. We have two boys: Devin is 27 and with the Charlotte County Sheriffs Department and married to his high school sweetheart, Peyton (Evans) Kimberlin. Two years ago they welcomed their first child (Ellie). Daniel is 23 and a Firefighter/ EMT with the City of Venice.

I currently hold a state roofing contractors license, along with an occupational license in Charlotte County. I also do work in Sarasota, Lee, and Manatee counties along with the city of North Port and the city of Venice. I specialize in many different types of roofing, including shingle, metal and tile.

Last year I became both a GAF Certified Roofer, as well as a Polyglass Certified Roofer. GAF Timberline Series Shingles are my most popular with a wind load capacity of 130 mph along the new ridge runner vent systems that will help your attic stay much cooler. I install 5v and Standing Seam metal on both Commercial Buildings as well as Residential Homes.

If you find yourself in need of a new roof, please contact me for a free estimate.

Richie's Auto Body and Gullotta's Towing has been a family owned business in Englewood for over 32 years. We purchased the business from my brother and sister in-law, Richie and Barbara Gullotta, 9 years ago. Our son, Gary, manages the body shop and makes sure the jobs meet the top standards that we demand. Local work is very important to us. It is the foundation of our business. We work with all insurance companies, but most importantly, we work for you, our customers. Price, quality and satisfaction are our goal. Nobody should have to pay too much for the work they need.

Born and raised here in Englewood, I take pride in and am committed to keeping our town looking and feeling like paradise. For several years I worked for Lewis Tree clearing local powerlines. It was in 2017 I decided to branch out on my own and started Mathews Tree Service. I am very grateful to be a part of such a supportive community. Our clients are the reason my business is thriving!

We specialize in large hazardous tree & limb removals, lot clearing & landscaping. In 2018, I became accredited with the Better Business Bureau and in 2019, we received the Best of Englewood award. If you're looking to improve the look of your property, raise the resale value of your home or just get your shrubs & trees trimmed, my company is dedicated to quality and customer satisfaction.

As a certified member of the ISA, I further my education and take my company to new heights with our professional services and quality customer care. I'd like to thank you again Englewood, Rotonda, Cape Haze, South Gulf Cove, Boca Grande and surrounding cities for all your continued business!

Chance Galloway is not an “entitled” party, being the owner’s son of Galloway

Roofing. Instead, Dad, Dave, taught Chance how to safely climb a ladder and get up onto their then family home in New Jersey when he was just five years old. Mom, Reneé, has instilled good morals and values along with her own marketing experience to her son. Chance also uses his degree in business and entrepreneurship from Florida Gulf Coast University to attribute to his family roofing company. His mom continues to provide her son with valuable marketing and networking ideas, and Dad has been teaching Chance the industry standards and good work ethics for many years. It is recently that Chance finds himself more involved with the company, working and learning the details of entrepreneurship, as well as hard labor. Chance has a bright future, whether he one day becomes a Galloway Roofing owner or continues his journey as a Podcaster to the Relentless Life or motivational speaker. Chance is the author of his first book, “DNA”, which is based on three core values his mom taught him as a child; Dream Big, Never Settle, Always Smile!

Scott Daughenbaugh, Licensed Funeral Director with Lemon Bay Funeral Home and

Cremation Services, has been an Englewood resident for 34 years. Our funeral home is nestled along the waterfront of Lemon Bay. Lemon Bay Funeral Home and Cremation Services have been serving families in the Englewood, Venice and North Port communities since 1972.

Our funeral home takes pride in offering you personal attention and distinctive service.

We offer some unique services to individualize each person; when families are unable to be present at a loved one’s service, they may choose to view the services via the Internet. Meaningful creations such as our Timeless Portrait gives us the ability to re-design an old photograph or put many together to make an even more lasting impression. Another concept we have developed to treasure are our Video Tributes; they allow us to create a DVD that helps the family share special moments and celebrate the life of a loved one. The video tribute becomes a keepsake for the family to share with generations to come.

Having people try on footwear and begin to smile when they realize they have found the “right” footwear is Michael McFarland’s favorite part of the job at Gulf Soles. Helping customers find a comfortable pair of footwear when they are dealing with plantar fasciitis, heel spurs and other foot ailments is what motivates Michael.

Gulf Soles offers several brands with great arch support sandals and other Florida style footwear that may help your foot issues and make walking enjoyable again. He loves his work and is proud that his two locations (Englewood & Venice) are doing well.

Michael served six years in the Navy, and then spent 23 years as owner of a bowling center in Minnesota.

Moving here and renting retail locations to open Gulf Soles was a big risk, but he survived and even prospered during Red Tide and COVID-19. Michael manages the Englewood store, while his wife, a nurse, runs the Venice store. Having a great staff makes it possible to take some time off and enjoy the beautiful water and Florida activities.

When I moved to Englewood in 2006, Reliable Cabinets was strictly a supplier. The company is now known for reliable service, as well as customer service. I have also had to learn how to be a sales person, which I had never imagined. It led me to developing one-on-one relationships throughout the community.

Customer satisfaction motivates me. When someone calls to thank me for something, it lifts me up. Attention to detail keeps people spreading the word about the quality of Reliable Cabinets. The recession was a tough time. Keeping the doors open created stress, but we grew. The lessons we learned helped create our current business plan.

Being part of the community is something I love. Whether it's being a youth football, baseball or basketball coach, on the Chamber Board, on the EAE Scholarship Foundation board, or a member of the Lemon Bay Sunrise Rotary, I love the connection with my community and giving back in any way I can. I want my children to understand what giving is, not getting!

As a true Englewood native born in Venice Hospital I am extremely honored to serve the local community in any capacity that I am able, from business to volunteering. Englewood is where I was raised my entire life and reside currently with my amazing wife, two sons and daughter. Our love for the people and area is why I am incredibly passionate about the real estate industry. RE/MAX Palm Realty may carry worldwide brand recognition due to the franchise name, but all of my offices are locally owned. We understand that real estate is the largest asset most people will purchase/sell and have a team of award winning professionals armed with industry leading information, tools, systems and technology that ensures customers receive the highest level of service. Offering a heavily involved leadership team that has lived and worked in Southwest Florida for decades allows our company to maintain an exceptional level of professionalism, customer service, growth and community involvement while remaining rooted in a people first environment. We are proud to have been serving local residents since 2002. Due to our globally recognized staff and agents we have entered the elite group of RE/MAX offices to earn the National Multi-Office Brokerage of the Year Award. We provide a full service brokerage that includes property management as well as insurance and would love the opportunity to win your business.
