Park Place Elite Garage Condos

PRESENTED BY MITCH MESENBURG

Michael Saunders & Company®

LICENSED REAL ESTATE BROKER

Mitch Mesenburg is an avid Motorcycle and muscle car enthusiast, whose interests led him to specialize in properties with multi-car garages and an elite garage condo project called "PARK PLACE" that will be built off Gasparilla Rd. just minutes from the Boca Grande causeway. These 1600 to 1800 square foot airconditioned units will be plumbed for optional restrooms and will accommodate lifts for cars and high ceilings for RVs or boats. There will also be options for a mezzanine. Imagine having your very own place to securely store or work on your project, whatever that may be, with likeminded individuals.

Raised in Huron, Ohio, Mitch established multiple successful businesses in the restaurant, catering, and home improvement industries prior to becoming a Realtor since in 2006. He focuses on an array of residential options throughout Englewood, Port Charlotte, North Port and beyond, with a special interest in finding the ideal home for those with car collections and other expensive hobbies. Whether accommodating antique classics, hot rods, custom cruisers, motorcycles, race boats or RVs, Mitch makes certain his customers are matched with the best home or garage condo for their requirements. Equally, on behalf of those looking to downsize their fleet, Mitch is an expert in marketing properties to achieve the best possible price in the shortest amount of time.

In his spare time, Mitch enjoys aviation, fitness, and dog training. He is proud to have donated a portion of his sales to support the construction of the Southwest Florida Vietnam Memorial Wall in Punta Gorda and is an ambassador for Mission 22, a local non-profit focused on bringing awareness and aiding in the prevention of suicide in our military and first responders.

Living in paradise is truly a blessing and Larry and Dave, owners of Coastal Pools & More, want to extend a part of that paradise to your backyard. Coastal Pools & More was established a year ago. We have over 30 years of experience in swimming pool construction and customer service industries. We figured out a better way to build high-quality pools at a fair price, without all the typical construction hassle. Our number one priority is **YOU**. We provide answers and solutions to your questions. Every customer is treated as our top priority. One job is not more important than another.

We are family oriented, and our business is operated as such. We take the time to talk with you and design your swimming pool project using your input and ideas, and go over every step of the process with you in full detail. One of us will be on site at every phase of construction to inspect the progress of your job, and will be fully accessible to you throughout the construction process. We also do complete swimming pool renovations along with smaller repairs.

We live, support, and socialize in this community. Englewood is a wonderful place, a paradise, that we enjoy being apart of. We would like to take this opportunity to THANK THE COMMUNITY for voting us BEST OF ENGLEWOOD 2020. It is quite the honor after being open for only one year. If you see us out and about please say hello, we look forward to meeting you.

It is with resounding pleasure that we announce, Jonathan Varner is now co-owner of Englewood's premier health and life insurance firm. The benefits firm formerly known as Wampler Insurance and Financial Group will now be known as Wampler Varner Insurance Group. Dave Wampler's 35 years of industry knowledge and insight combined with Jonathan Varner's tenacity and education assure a bright future for your local insurance company.

Wampler Varner Insurance Group is a family-owned, independent insurance agency that has been serving individuals and businesses throughout Southwest Florida. We work closely with our clients to custom-designed solutions to meet their individual goals. We are proud of the fact that we have built relationships with our clients and their families that have spanned multiple generations. We have become one of Southwest Florida's leading insurance advisors by offering three assets other agencies often neglect...Trust, Service and Value. Dave, Jonathan, Robert, and Hunter are dedicated agents who act as consultants, ready to service all your insurance needs.

Born and raised here in Englewood, I take pride in and am committed to keeping our town looking and feeling like paradise. For several years I worked for Lewis Tree clearing local powerlines. It was in 2017 I decided to branch out on my own and started Mathews Tree Service. I am very grateful to be a part of such a supportive community. Our clients are the reason my business is thriving!

We specialize in large hazardous tree & limb removals, lot clearing & landscaping. In 2018 I became accredited with the Better Business Bureau and in 2019 we received the Best of Englewood award. If you're looking to improve the look of your property, raise the resale value of your home or just get your shrubs & trees trimmed, my company is dedicated to quality and customer satisfaction.

As a certified member of the ISA, I further my education and take my company to new heights with our professional services and quality customer care. I'd like to thank you again Englewood, Rotonda, Cape Haze, South Gulf Cove, Boca Grande and surrounding cities for all your continued business!

Lorry, Judy and Dr. Brandau

Thank You to Our Patients!!!!

My wife and I, both from small towns in Ohio, visited family here 10 years ago and just fell in love with this area. Living somewhere with a sense of community was important to us and we are so happy we chose Englewood!

I love meeting new people and making lifelong friendships with my patients. My wife and I have had a blast here and feel so blessed to have had such a warm welcome from this community these past four years. Relocating from Ohio was scary, but we could not be happier living here. My highly trained staff and I are passionate about making every patient feel comfortable. We understand that seeing a dentist can be a phobic experience and we do everything possible to make each patient feel relaxed and comfortable. Thank you to ALL our patients for choosing us for your dental health care!

We are continuing to welcome new patients into our practice. Call us today, we would love to meet you!

It was over 29 years ago that I transplanted myself, along with my young family, to the beautiful west coast of Florida. I left an almost fantasy existence on Maui to stake a new future and a new beginning. My entire life as an adult has been dedicated to the beverage/entertainment side of the hospitality industry. This has always been, and will continue to be, my life-defining passion. We all need a special place to decompress and interact with others without fear of judgment or criticism. This has been my personal philosophy and professional "mantra," which has dominated all the thinking that has gone in to the development of the PLACIDA PEARL, SUSHI BAR AND NIGHTCLUB.

Come and enjoy some of the best sushi around. Just read the reviews!

A Great Big Thank You to the Englewood Community for your overwhelming support and participation in the Hope For Lost Hearts "Clean Hands Pure Heart" program (CHPH). CHPH provides free hand sanitizer to the homeless, those in need and charitable organizations within our community. They are also making the hand sanitizer available to local businesses and the community as a whole for a \$20 donation per gallon. Again we can't thank the following business enough for being distribution pick-up points for the hand sanitizer: Shell Station, 241 S. Indiana Ave.; Dearborn Corner Market, 598 W. Dearborn St.; Stiver's Tire and Auto, 850 S. River Rd.; Sewing by Linda Lee, LLC, 3579 S. Access Rd.; Truex Preferred Construction, 3797 S. Access Rd.; Reliable Cabinets, 6900 San Casa Dr.; Hamsher Homes, 12366 N. Access Rd.

A big heartfelt thank you to the Lemon Bay Sunrise Rotary men who continue to work tirelessly and selflessly to make this project a success for their community and the Hope For Lost Hearts, a 501(c)(3) not for profit organization: Maurice Price, Dave Wampler, Shane Whitmore, Jim Bruns, Mark Anderson, Jim Soravilla, Bill Truex, Bill Stiver, Jim Harrison, John Flynn, Rob Stern, Ray LaBadie, John Mead, Taylor Meals, Don Hamsher and George Fowler are truly Men At Work, working to make a better community.

A very special thank you to Linda Soderquest who designed the CHPH Logo and painting.

If you are an individual in need of hand sanitizer, or a business owner getting your business back up and running and are in need of hand sanitizer, please contact George Fowler cell or text at 941-302-0386, or email to georgefowler4554@comcast.net and we will be happy to assist you.

Richie's Auto Body and Gullotta's Towing has been a family owned business in Englewood for over 31 years. We purchased the business from my brother and sister in-law, Richie and Barbara Gullotta, 8 years ago. Our son Gary, manages the body shop and makes sure the jobs meet the top standards that we demand. Local work is very important to us. It is the foundation of our business. We work with all insurance companies, but most importantly, we work for you, our customers. Price, quality and satisfaction are our goal. Nobody should have to pay too much for the work they need.

Englewood has been my second home for ten years. I was born and raised in Michigan where I started CAPS Remodeling, serving the elderly and disabled community through our barrier free remodeling and home medical equipment services.

I became a permanent resident here in Englewood late 2018 and began laying the groundwork for the second location of CAPS Remodeling right here in Englewood. We opened our doors the first week of January 2020 and expect that we will become a familiar name in the community.

Speaking of the name, CAPS is an acronym for Certified Aging in Place Specialists. CAPS is a certification program offered through the National Association of Home Builders that trains professional remodelers in the area of the senior population that would like to remain in their home as an alternative to the assisted living option.

Our services provided range from a grab bar installation to a major addition to the home. We regularly convert step-in showers and bathtubs into accessible curbless showers that are wheelchair accessible. We also provide much of the home medical products such as adjustable beds, wheelchairs, scooters, walkers and even personal lift systems that will lift a person out of their bed and place them into a wheelchair.

As we get older, we begin to face some serious obstacles when it comes to living safely and independently within the home. CAPS is the company that can provide the solutions that help you maintain your mobility, freedom and comfort all while living safely in your home.

Jeannie and I have been a part the Englewood community since we honeymooned here back in 1982. We are dedicated to serving our community in a positive way with the skills we have to offer. I am proud to be part of the Humane Society's mission here in Englewood.

"Suncoast Humane Society exists to reduce the number of homeless animals and improve the quality of life."

We are supported by individual donations, wills, bequests and foundation grants. We receive no local, state or federal government aid, nor are we funded by national humane societies, SPCA's or other animal protection/welfare organizations. The continuation of our programs depends solely upon community support.

Outdoor living is what it's all about here on the Gulf Coast of Florida, and at Stump Pass Marina and The Lighthouse Grill, we are right in the center of it all on the ICW in Englewood.

The past few months have been excessively rough all across the country, and our businesses have felt the impact as well. During these uncertain times, I have to commend our staff for really giving their best, way above what they were tasked with, as we continue to navigate through an unprecedented crisis. It really warms my heart as a family-owned and operated business owner, to see how our entire team has rallied together, displayed patience, and executed the operations with the highest level of quality service for our customers.

We know that we are going to have another tremendous year of growth here at Stump Pass Marina and The Lighthouse Grill, and it's due in great measure to our very tight-knit and customer-focused operational staff. They have been instrumental in achieving so much during this time of adversity, and we are beyond excited about the upcoming year and serving the Englewood community together for many years to come!

In 2018, Allan G. Schildknecht and his wife Pam, moved to Englewood after 35 years of owning an internationally recognized consulting firm in Hawaii.

Not wanting to retire completely, they were drawn to the staff and mission of Englewood Animal Rescue Sanctuary (EARS) and began fostering. To date, they have fostered more than 200 dogs including 24+ with EARS who have found their forever home.

EARS passionately believe that foster homes provide a stable environment for the dogs and foster families where they can continue to socialize the dogs and reinforce good behaviors until the dog finds his/her forever home.

For more information about EARS, the dogs, or cats available for adoption or how to become a foster family, contact EARS at (941) 681-3877.

It has been 9 years in our home at 7341 Sawyer Circle, (off Gasparilla Rd/CR 771) Port Charlotte and 17 years in business. Abel's Marine has seen lots of changes and growth; it is always a challenge. With owner Tony Towns at the helm, Abel's Marine is focused on maintaining a quality staff, quality products and quality service. Our expansion with service and partnership with Cape Haze Marina and Angie Ormond Ship to Shore Sales has given us great growth. We are expanding our sales of Avalon and Tahoe Pontoons boats, and adding a new sales lot at 6900 Placida Road, Englewood, in front of Cape Haze Marina.

Along with boat sales, we are a full line Honda Marine and Honda Power Equipment dealer, a Yamaha Marine dealer, Suzuki Marine dealer and Mercury Marine dealer. We are the authorized service center for Minn Kota and Motor Guide Trolling motors and authorized service center for Power Pole shallow water anchors as well. We have a ship store with added products including Maui Jim sunglasses, OluKai flip flops and shoes, tackle center, pumps and other accessories. Of course, we service and repair all outboard engines. As we say, "If it hangs off the back of the boat, we work on it!" We have certified technicians in Honda, Yamaha, Suzuki, Mercury and Johnson/Evinrude. Tony Towns is not just the captain of this ship, he is still the only Honda Marine Master Tech in the state of Florida.

Abel's Marine has been voted best of Englewood in boat repairs for 11 years running because of our awesome team and loyal customers. We like to say thank you Nick, JC, Todd, Andy and Alex.

Thank you to all our customers, friends and family for your continued support of our great adventure. We are truly blessed!

Billy Kimberlin Roofing, Inc. has been in business since 2004. I have been a resident of Englewood for 41 years. I graduated from Lemon Bay High School in 1987 and was hired by the Englewood Area Fire Control District in 1990. After 28 years of service, I retired as a Lieutenant.

My wife, Lori, and I have just celebrated our 32nd Wedding Anniversary. We have two boys: Devin is 26 and with the Charlotte County Sheriffs Department and married to his high school sweetheart, Peyton (Evans) Kimberlin. Last year they welcomed their first child. Daniel is 22 and just recently graduated from Fire and EMT school and is beginning his career as a Firefighter/ EMT.

I currently hold a state roofing contractors license, along with an occupational license in Charlotte County. I also do work in Sarasota, Lee, and Manatee counties along with the city of North Port and the city of Venice. I specialize in many different types of roofing, including shingle, metal and tile.

This year I became both a GAF Certified Roofer, as well as a Polyglass Certified Roofer. GAF Timberline Series Shingles are my most popular with a wind load capacity of 130 mph along the new ridge runner vent systems that will help your attic stay much cooler. I install 5v and Standing Seam metal on both Commercial Buildings as well as Residential Homes.

If you find yourself in need of a new roof, please contact me for a free estimate.

Pope Insurance Was Established In 1978 And Has Been Servicing The Insurance Needs Of The Local Community For Forty Years.

Brian Pope

As a sixth generation Englewood resident and the second generation at Pope Insurance, I am proud to help serve our Englewood community. I graduated from Lemon Bay High School in 2003 and the University of South Florida in 2008 before beginning my insurance career with American General Life and Accident. After working for a large corporate insurance company, I moved back to the Englewood area in 2013 with my wife, Katie, to participate in the family business. My wife and I had our first child last August. We are very excited to raise him in this great beachfront community that I grew up in and continue to call home.

Born and raised in Englewood, I moved back after graduating from the University of South Florida in 2008 to start my family and career. I now have two amazing children. We truly enjoy the Florida lifestyle and I could not imagine raising my children anywhere else. With 11 years experience in the insurance industry, and four years at Pope Insurance, I am very excited to be able to expand Pope Insurance into a full service agency by offering Home, Auto and Business Insurance.

2020 has been a challenging year so far. Who would have guessed that after the devastation the worst Red Tide season in recent history inflicted on our community, that Covid-19 would hit us even harder? Fortunately, Automotive Repair and Service was deemed essential and we were able to stay open through this situation. Business has been tough but we made changes to our scheduling philosophy to accommodate our customers needs and safety. The changes made to our policies and procedures have helped us be more efficient and streamlined. In the end, business has exceeded expectations and we have finished off a respectable season. We have upgraded our equipment and training to service and repair the newer vehicles that have been in the shop. Air conditioning repairs with the latest refrigerant R-1234YF can now be serviced at our facility. We will continue to ensure our customers have a Dealer Quality Experience when they visit A-1 Auto Care and more importantly, feel at home. Englewood welcomed my family and me nearly 47 years ago. I have been practicing dentistry here for 31 years.

I am motivated simply by doing good and encourage others to do the same. I really enjoy helping to make beneficial changes in others' lives, and the dental profession has allowed me to do just that, whether it be a healthy change, a structural/functional change, a cosmetic change, or often a change in all three.

I enjoy working with a great team of dedicated health care professionals, especially my own fantastic staff and specialists to whom we may refer our patients. A short summary of what we do for our patients is to listen and educate on the latest in dentistry and allow options they can choose to customize a treatment plan to fit their needs. We also offer high quality products and services, all at an affordable fee.

And, yes, we happily welcome new patients!

Custom Home Builder

Danny was raised in Englewood and studied at the University of Central Florida before coming home to build the new family business in 2013. He is the customer relations and sales specialist for Southwest Florida Dream Builders and a licensed Realtor. Danny has been serving the people of Southwest Florida for many years to provide high quality custom homes, land, or pre-existing homes. Here at Southwest Florida Dream Builders, there is no secretary, no outsourced foreman to talk to, and no realtor who sits in our model. Danny is the Jack-of-all-trades, and it will be Danny that meets your needs with our business.

Christopher was raised in Englewood and studied at the University of Central Florida before joining the United States Air Force in 2010 to support his then budding family. He and his wife traveled to 4 bases throughout the United States and had 4 kids before an injury forced Christopher into retirement as a Technical Sergeant. He then moved back home and joined the family business, Southwest Florida Dream Builders. Using his management talents from his service, he is improving the administration and efficiency of Southwest Florida Dream Builders to provide quality homes to the area.

If You Can Dream It, We Can Build It!

Southwest Florida Dream Builders is currently located at 133 Beryl Drive in Rotonda Heights, with a BRAND NEW MODEL coming to the corner of Rotonda Blvd East and Boundary Blvd. With many years of contracting and business experience, Larry Cornell founded Southwest Florida Dream Builders in 2006. We are a smaller building company with quality workmanship and customer service in mind. We purposefully limit the amount of homes we build so that we can give our full attention to the superb construction and service we feel every customer deserves. With Larry Cornell's 30+ years of contracting experience and his sons' administrative and sales abilities, we feel that we are presenting a team that cannot be beat. We don't build houses, we build HOMES. From the largest to the smallest, we strive to build quality in every square inch.

It's an amazing feeling when someone smiles and thanks me for serving them their favorite meal. 7½ years later and our community is still supporting us as strong as they did on our very first day. This journey definitely has not been easy, but it's been very rewarding. Although I didn't have any restaurant background, cooking was definitely a passion of mine. The motivation my family gives me as well as our community, has put me where I am today.

I'm one of 14 kids and with a family that big, my mother always taught us to be independent. With lots of patient advice and of course great recipes from my mother as well as my wife, I learned my way around a kitchen. I've always wanted to implement the value of hard work to both of my girls Karla (20) and Susana (12). Showing them that as long as you work hard for something you are passionate about, achieving that goal is much more rewarding.

I moved to Englewood about 13 years ago and without a doubt, it has been the best decision I've made.

Paradise Jewelers is a family owned and operated business and we take great pride in our "hometown" customer service. We have served Englewood residents since 1991 when Paradise Jewelers was established by my father, Glen Keaser. He began training me in 1993 and I am now a master jeweler specializing in custom settings and repair. We have three jewelers on staff. Our master jewelers design custom fine jewelry to your specification from your unused or unworn gold or silver pieces. Paradise hand carves all of our custom mounts in wax, using your design or we can design one for you. All of our work is done in-house, whether it is a simple resizing or complete custom mounting. We also offer diamonds and gems and are happy to clean and inspect your items as a complimentary service to all of our customers; insurance appraisals of your items may be done by appointment. We also offer watch repair and battery replacement, as well as vintage clock repair. We would like to welcome our third generation jeweler in training, Nathan Keaser. I would like to thank my father Glen, for giving me the opportunity to take over our family business. Without his support and guidance I would not be the man I am today. Thank you Englewood. I look forward to serving you for many years to come.

*Helping families become home owners
Helping home owners find their dream house*

Wisconsinites are notoriously friendly, happy people and that is surely the case with Jeff Ament, who still admits to being a Green Bay Packer Fan even though he has been a Floridian since 2010. No stranger to hard work, Jeff spent most of his life in the construction field building homes in his native WI. This was a perfect segue into a real estate career here in beautiful Englewood, Florida where Jeffrey along with his partner, Sharon Badrian, formed the Ament-Badrian Team at Coldwell Banker Sunstar Realty on Beach Rd. Jeff has a heart for community service and dedicates many hours to charitable causes. He has been happily married to his wife, Donna, for 34 years and together they have two beautiful daughters, Christine & Tiffany. He is the quintessential team player in the office and specializes in new construction, waterfront property and residential real estate in SW Florida.

Business is in the family genes and to prove to myself that I was worthy to take over for the family, I set off to establish a business of my own. I ended up being the largest distributor of Seimens' products in the Southeast region.

I've since returned home to Englewood to take over for my father, I've been challenged to learn a brand new business in a short time. Beach Discount Liquors will continue to take pride in its customer service and keeping customers satisfied with personal recommendations and great prices. I love talking about fine bourbon and cognac with customers and I am quickly picking up on wines, while moving through the WSET program.

I'm thrilled to be back in Englewood carrying on my family's tradition and look forward to serving you.

"Don't believe something is impossible, because that impossible thing is possible with hard work and dedication."

I grew up on a farm in Mexico. At age 14 I came to America with the hope of a better life. I started off as a dishwasher. A few years later I was offered a job as a cook at Peter's Family Restaurant in Port Charlotte and I worked there for 23 years. During the last few years there I had an opportunity to open my own landscaping business as well.

Then along came a lucky chance to open my own restaurant with my brothers as my partners. I never thought I would be the owner of a restaurant, but my dreams came true! It turns out the restaurant life is in my DNA!

I have been practicing dentistry in Englewood since 1994. My parents and grandparents were born and raised in Florida. I am one of eight siblings. I grew up in Ybor City and graduated from University of Florida Dental School in 1989. After dental school, I served three years in the U.S. Army in Germany.

I have four awesome sons, ranging in age from 21 to 30, who have made my life an incredible journey. Every day with them is an amazing adventure. Living in the Englewood Community, I have had the good fortune to develop many close and meaningful friendships.

Dentistry has been my passion. It brings me great joy to go to work every day. There are so many different aspects of dentistry, so it is always interesting and challenging to me. We have a great staff in my office and I am impressed by their knowledge and enthusiasm. We strive to maintain a family friendly environment.

We love our dedicated, long term patients and think they're the best! We always welcome new patients to our dental family.

I was born and raised in Tampa, FL and after graduating from high school with no clear direction, I joined the U.S. Navy and served with honor for over 23 years attaining the rank of Chief Petty Officer. During my time in the Navy, I earned a B.S. in Management and an M.B.A. in Global Management.

After retiring from the U.S. Navy in 2004, I used my military counseling experience and worked in corporate HR positions rising to Director of Training for a large fortune 500 corporation. However, I always felt like I could do more to help people so I returned to school graduating with honors with a M.S. in Counseling and Psychology in 2012.

Upon completion of my post-masters internship, I earned my license to practice as a Licensed Mental Health Counselor in Florida and opened my own office in Englewood. I help adolescents and adults overcome anxiety, depression, substance use or ADHD. I also work with parents to help them navigate the school system to ensure their children receive the best education available.

I am happily married to Dana Goodrich Kuhn, and between us we have five children.

I am accepting new clients and have afternoon, evening and Saturday hours to accommodate working professionals and school hours. I also provide telehealth counseling to those who are too busy or otherwise unable to come to my office. If you or someone you know could benefit from counseling, please give me a call or visit my website to sign up for a free consultation.

MEN TODAY

African-American males are 60 percent more likely to develop prostate cancer than Caucasian men.

In the United States, one in six men can expect to be diagnosed with prostate cancer, while there is a one in seven chance that a Canadian man will be diagnosed with prostate cancer at some point during his lifetime.

Those elevated incidence rates could be a byproduct of an aging population, as age is a significant risk factor for prostate cancer. According to the Prostate Cancer Foundation, one in 10,000 men under age 40 will be diagnosed with prostate cancer. That figure skyrockets to one in 38 for men between the ages of 40 to 59, and one in 15 for men in their 60s.

Though age is perhaps the most significant risk factor, it's not the only thing that increases a man's risk for prostate cancer. In fact, there are a host of factors in addition to age that increase a

EXPLORING THE RISK FACTORS FOR PROSTATE CANCER

man's risk for prostate cancer, which the Canadian Cancer Society says will claim the lives of more than 4,000 Canadian men this year.

One such risk factor is where a man lives. Men who live in rural China, for instance, have a relatively low risk of developing prostate cancer during their lifetime. That risk is only 2 percent if a man stays in rural China his entire life. But that risk increases significantly if a Chinese man moves to the West, where a man in the United States has a 17 percent chance of developing prostate cancer.

And not only does which country a man lives in play a role, but also the location of his home within that country's borders can elevate a man's risk for developing prostate cancer. Men who live in cities north of 40 degrees latitude (north of Philadelphia, PA, Columbus, OH, and Provo, UT) have the highest risk of dying from prostate cancer, and researchers feel this is because men who live in such cities get less sunlight during the winter months and therefore less vitamin D.

Race is another risk factor for prostate cancer. Asian men have the lowest risk of developing prostate cancer, while African-American men are 60 percent more likely to develop the disease than Caucasian men. The PCF notes that African-American men are also 2.5 times more likely to die from the disease, which highlights the importance that African-American men must place on screenings.

Family history also plays a role in a man's risk for developing prostate cancer. Men whose fathers or brothers have had prostate cancer are twice as likely to develop the disease. Their risk increases even more if their fathers or brothers were diagnosed with the cancer before reaching the age of 55 or if they had three or more family members who were diagnosed with prostate cancer.

Research into prostate cancer is ongoing and continues to unearth new information regarding this potentially deadly disease. The PCF notes, for instance, that the risk factors for aggressive version of this type of cancer can differ from the risk factors for slow-growing cancers. As a result, risk factors that were once not linked to prostate cancer are now being linked to aggressive forms of the disease. Smoking, for example, might be a risk factor for aggressive prostate cancer, as is a diet void of vegetables. Neither factor, however, is thought to increase a man's risk of slow-growing prostate cancer. Additional risk factors for aggressive prostate cancer include height (tall men might have an elevated risk) and living a sedentary lifestyle.

Many men are aware of the importance of prostate cancer screenings. However, few might know that certain factors significantly increase their risk for being diagnosed with this potentially deadly disease. More information about prostate cancer is available at www.pcf.org.

For more than 34 years I have enjoyed being in the jewelry business, starting as a bench jeweler, and for the past 25 years as a jewelry store owner. As a master jeweler, I specialize in custom-made pieces and jewelry repairs. I work with my clients to create the perfect custom piece for their lifestyle, while doing all work in-house.

Many people who discover my store are happy they have found an "old-fashioned" jewelry store for their repair and design needs. It is rewarding to see the expressions of gratitude when my customers pick up their newly created treasures, or when I restore a family heirloom dear to their heart.

My wife, Diana, and I have lived in Englewood for the past 15 years and thoroughly enjoy being full-time residents of this beautiful coastal community. As a family-owned business, Englewood Jewelers has been a pleasure to own, as I have had the opportunity to meet people from around the world in our little town. In 2017, we opened "Downtown Jewelers" on Dearborn Street in Old Englewood. Downtown Jewelers specializes in eclectic silver jewelry.

Thoroughbred Golf Carts has been a part of this community for decades. Now we also have U-Haul for all your moving needs or daily use. Thoroughbred builds and sells custom-built golf carts but we also store, rent

and fix them. We have the accessories and of course customize them. As the street legal market has grown so much we have become a Tomberlin dealer too. Tomberlin is the only real American made Low Speed Vehicle (LSV) around. If you need any help with transportation at up coming events please feel free to contact us.

I'm a family man and my family is a huge part of our business. My wife Dana and my father Bill are involved in the day-to-day operation. We love our community and never plan to leave. We can not do what we do without our awesome team. You know who you are, thank you.

Come on down and see us at 3301 Placida Road. We are "A breed above the rest."

StyleCraft has been serving clients in the Englewood area for more than 40 years. Our family owned and operated business has been truly fortunate to be surrounded by a community that values high quality, fine workmanship, and exceptional attention to detail. Our services include new and retrofit construction for kitchens, baths, offices, entertainment centers, closets and more.

We manufacture the best solid wood custom cabinets in the area. Our original designs are uniquely tailored for each home and homeowner, resulting in unparalleled, distinctive and quality cabinetry.

Randy Tannehill, born and raised in Englewood, is a graduate of LBHS and UCF. He and his father, Scott Tannehill, work side-by-side during the design, build, and installation process. "Our goal is to always achieve complete customer satisfaction." Randy is also passionate about giving back to the community in hopes of making an impact on the youth of Englewood. In addition to making monetary donations, he has spent countless hours volunteering with the area's schools and sports organizations.

At StyleCraft Cabinetry we are committed to providing exceptional value using the highest quality materials to meet our clients needs and lifestyles. Call us today for a free in-home design estimate.

Robert Ring arrived in Southwest Florida with his family in early 2000 and quickly discovered the HVAC industry and all it has to offer. After graduating from Tri County Apprentice Academy and getting a few years of hands-on experience in the field, he remains an honored member of the Grande Aire Family for over 5 years. One thing he loves about working at Grande Aire is the hands-on commitment to the immediate and surrounding communities, as well as the feeling of a close-knit local company who truly cares about its employees and customers. He enjoys working for a company he can proudly recommend to his friends and family whenever an HVAC need arises.

Robert, a proud US Navy veteran, is the father to four children with his first grandchild on the way. He serves as President of the Placida Rotary as well as donating his time and resources to different community events and fundraisers.

Emery Auto & Diesel Repair, Inc. Offers Automotive Repair Services You Can Count On!

Emery Auto & Diesel Repair, Inc. located at 6436 San Casa Drive serves Englewood, Florida and neighboring communities by providing professional quality automotive repairs and maintenance to our retail and fleet customers. We work on most makes and models of cars, trucks, and RV's; gas or diesel. We have just completed numerous equipment upgrades and added additional factory certified technicians to provide dealership quality repairs without the high price. We offer comprehensive diagnostic equipment to aid in diagnosing those hard-electrical concerns, Mobile 1 oil express lube, an air-conditioned waiting room with complimentary beverages, a courtesy shuttle, car and light truck towing, and a clean and friendly atmosphere.

I am happily married to Lori Emery. Together we have four wonderful children and three grandchildren. I am also very active in the community as a Lemon Bay Sunrise Rotary member, I serve on the Englewood Chamber board, and am a proud member of the Englewood Leadership class of 2020.

Thank you for your continued support of Emery Auto & Diesel Repair, Inc. Please contact us by phone at (941)548-4070 or visit our website at <http://www.emeryauto.com>.

"Wow! That is a lot nicer than I thought it would be. Great Job!" Those are the words of our customers use, here at Omni

Marine, after they see their new T-Top or Tower for the first time.

My job, as President of Omni Marine Enterprises, is to go beyond customer expectations and deliver the highest quality for a fair price. Our canvas and cushion shop, as well as our fiberglass shop, are held to that same standard. We are a one-stop shop for making your boat look like new, or accessorizing your new boat. I have put in a tremendous amount of time and hard work over the last 20 years to make Omni what it is today.

I moved to Englewood in 1978, at the age of 6, and graduated from Lemon Bay in 1990. Success has not come easily, but with hard work and consistency, Omni Marine has grown from one employee to nine. Along the way I have opened 2 more businesses: a repossession company and a powder coat shop. Both have grown at a record rate. Along the entire journey, my 22 year old son, Brandon, has been understanding of how business ownership can pull you in different directions. I am always up for a challenge and at the end of the day, if the customer is happy, then that is the best advertising that you do not have to pay for. That's my goal.

Living and working in this place we call Paradise is truly a blessing. Being a branch manager and a mortgage loan officer for Trustco Bank has been another blessing since it assists me in helping people achieve the American dream of home ownership. Trustco Bank has a streamlined mortgage process, as well as low down payment, low rates and closing costs which allow us to showcase programs most other financial institutions cannot offer. Combining that with our excellent customer service, terrific checking products and great deposit rates, Trustco lives up to their motto of "Your Home Town Bank" every day.

Having been a resident of Englewood now for over 15 years, my wife Kathy and I love the sense of community that runs throughout the greater Englewood area. We are both committed to making and keeping Englewood a great place to live and raise a family. We are active members of Englewood United Methodist Church; we work on several missions for helping homeless families get back on their feet. I also work on the Englewood Helping Hands advisory board.

I look forward to helping you with all your banking needs and seeing you around town and at church.

Wiseguys Barbershops

Since moving here from Denver 5 years ago, it's been a fantastic ride. I've been in the hospitality business my entire life.

Prior to Wiseguys Barbershop, I had the pleasure of operating the 2nd largest nightclub company in the county until semi-retirement in 2013, then soon after in 2015 moving here to Englewood, Florida with my "Brady Bunch" of a family. Myself, Candace, 4 teenage girls and my son. From the minute we arrived, the community welcomed us with open arms. I took the first couple of years getting to know the "lay of the land" and settling into a new lifestyle, "The Salt Life," while continuing to operate Wiseguys Consultants, specializing in Marketing, Sales and Strategic growth for small to medium size companies. In August 2018, Candace Stevens and I decided to open Wiseguys Barbershop. We started by renting a chair in a spa type salon and branded it from the start. Clients would show up and say I thought I was going to a barbershop we would say "Once you sit in the chair you become a Wiseguy." By January 2018 we had quickly outgrown that location. In April 2019 Wiseguys Barbershop, Englewood opened. From day one the community embraced us. In our mission statement, we make the Englewood community one of our top priorities and will always continue to be.

Wiseguys has now become the go-to family barbershop in the area. We're here to take care of the entire family, including the ladies we call "Mob Wives." We are a modern barbershop with an old school flair offering everything for the modern gentleman from a traditional haircut called "The Godfather" to an all-in straight razor hot towel shave called "The Wiseguy!" For the "Mob Wives," we offer everything from the ladies cut called "The Ragazza" to the ladies' color that's part of "The Witness Protection Program." Our motto is "Experience more than just a haircut!" Wiseguys continued growth will allow us to open additional locations in the SW Florida area so look for locations near you.

Quick Signs has been in business in Englewood for more than 23 years. My wife, Cyndi and I purchased the business in 2016 after moving to Englewood to make our home here. We have enjoyed settling into this community that we know so well having been frequent visitors for many years prior to our permanent move here. Over these 4 years of ownership, we have come to know so many wonderful people. We are truly blessed.

With more than 30 years in the sign industry, we have the knowledge and expertise to help you get your message across with the right sign at the right price. We produce signage for customers in real estate, small business, large business, government agencies and the general public. We would like to thank our customers for their loyal support, and we look forward to continuing to serve your signage needs. Please consider us when you are looking for real estate signs, yard signs, banners, vehicle magnets, vehicle or window lettering or graphics and more.

We are parents to two grown children, Tammy, a school counselor who lives in our hometown of Buffalo, NY and Jeffrey, a career Navy man who has been serving our country for the past 17 years as a Navy SWCC / Seal. He has risen to the rank of Chief Petty Officer and has seen much of the world on his missions. We are also proud grandparents to two beautiful granddaughters.

When I moved to Englewood in 2006, Reliable Cabinets was strictly a supplier. The company is now known for reliable service as well as customer service. I have also had to learn how to be a sales person, which I had never imagined. It led me to developing one-on-one relationships throughout the community.

Customer satisfaction motivates me. When someone calls to thank me for something, it lifts me up. Attention to detail keeps people spreading the word about the quality of Reliable Cabinets. The recession was a tough time. Keeping the doors open created stress, but we grew. The lessons we learned helped create our current business plan.

Being part of the community is something I love. Whether it's being a youth football, baseball or basketball coach, on the Chamber Board, on the EAE scholarship foundation board, or a member of the Lemon Bay Sunrise Rotary, I love the connection with my community and giving back in any way I can. I want my children to understand what giving is, not getting!

Meet Richard Jean, a realtor/broker who still enjoys helping people in all phases of real estate after 35 years in the business. Rentals, investment property, property management and listing/selling real estate, he loves it all. Richard is the president/broker of Suncoast Central Realty, 555 W. Dearborn St. He is proud to say that he spent six years in the Navy with his primary duty at the National Security Agency. It is one of the scariest and yet most rewarding risks he has undertaken in his life. Also, tied for the most rewarding risk is relocating to Englewood, purchasing a commercial property to open his own real estate company while still managing his Nashua NH real estate company, Central Realty, where he oversees 300 rental units. When he is not working, he enjoys listening to music at local venues, spending time on the bay via pontoon or jet ski and loves to entertain as cooking is a passion. He believes Englewood is the best place to live, work and play – Amen!

Englewood Friends & Family, it's been an astonishing few months – for all of you and for all of us! On behalf of myself, my family and my staff, we share our deep appreciation for your continued support and keeping our doors open. I am proud to have lived here for 34 years and raised my family here. I wouldn't have it any other way! I love my town.... I love Englewood!

We offer many different services here at Gulf Coast Auto Salvage (the ONLY Junkyard in Englewood)! We buy junk cars and scrap steel and are a U-Pull-It salvage yard. We sell batteries, wheels, engines, transmissions, 4x4 parts, interior parts, body panels, glass and more. We have a wide variety of used and new tires and we do our very best to have the lowest prices possible. Our trained staff will expertly and courteously assist you. Extra precautions will be in place to accommodate everyone's safety.

Please be safe and we look forward to helping you with your automotive recycling services and needs.
