We are driven by the desire to keep our customers out on the water, enjoying their boats and our beautiful waterways. We do our best with integrity and honesty. One of our biggest accomplishments is getting our shop back open after Hurricane Ian. Between damage to the shop and our staff's homes, it was not easy. We were, due to help from our wonderful staff, able to get back open within a week and half after the storm. We worked with generator power and started the cleanup. Very quickly we had customers coming in with boats damaged from the storm. Still doing some repairs at the shop, we are finally getting boats back to customers all fixed up and ready for the summer boating season. With our Captain Tony Towns at the helm, we keep moving forward with helping the community recover and come back stronger. We did lose staff after the storm and it took a lot of determination to keep working through jobs. Through long days and hard work with the remaining staff, we were able to work through the back log of jobs we had after the storm. Staffing has been an issue for several years now. We just keep pushing and have managed to hire one new staff member to help us keep moving forward. We look forward to continuing to serve this great community and keeping our customers enjoying the waterways.

Thank you,

Tony and Katrina Towns

I was born and raised in Austria, but always had a love for the USA. I watched every James Bond and western movie I could find. I was raised in the restaurant business. My parents had a tavern/bowling alley and I began my career at age 7, serving ice cream and beer. This helped me to become the International Beer Pourer Champion. I opened my first bar at age 23 and decided to make a change at the age of 35. I packed up and moved to America, not knowing the language and knowing only one person. I love to joke and have fun, which made it very challenging because I did not know how to speak English. I met my wife in 2002 and we moved from Naples to Englewood to start a new adventure, a small mini-mall called the "Emporium" on Dearborn Street. Fast forward to 2009, a huge remodel and it became a full-service restaurant with award winning music and musicians. The musicians were local and from around the world. I am motivated by the people who come in and walk out happy each night. I try to greet every person coming in, catching a hug or handshake by my regulars and introducing myself and the restaurant to new guests. When I'm not working, I love camping with my wife and 2 dogs or playing golf.

I have been practicing dentistry in Englewood since 1994. My parents and grandparents were born and raised in Florida. I am one of eight siblings. I grew up in Ybor City and graduated from

University of Florida Dental School in 1989. After dental school, I served three years in the U.S. Army in Germany.

I have four awesome sons who have made my life an incredible journey. Every day with them is an amazing adventure. Living in the Englewood community, I have had the good fortune to develop many close and meaningful friendships.

Dentistry has been my passion. It brings me great joy to go to work every day. There are so many different aspects of dentistry, so it is always interesting and challenging to me. We have a great staff in my office and I am impressed by their knowledge and enthusiasm. We strive to maintain a family friendly environment.

We love our dedicated, long term patients and think they're the best!

We always welcome new patients to our dental family.

Thoroughbred Golf Carts, a family owned and operated business, has been a part of the Englewood community for over 25 years. We are thankful and blessed to be a part of such an amazing community. We moved here nineteen years ago and we have watched it grow and change over the years. Thank you Englewood, for all your support!

Thoroughbred Golf Carts offers storage, rentals, service and new or pre-owned sales. We pride ourselves in the customizations we have created over the years. We are also a Tomberlin dealer, an American made Low Speed Vehicle (LSV). Stop on by and take one for a test drive! Thoroughbred now also offers secured storage for your vehicle, camper, boat, trailer, etc.

My wife, Dana, is a part of the day-to-day operations of Thoroughbred. We have two daughters, and on the weekends we love to spend time together camping, boating and just having fun making memories. As they enter the work force, we are excited to have them a part of our team, as well.

I would like to thank all the members of our team; we could not do it without each and every one of you.

And to my parents, Bill & Nancy Lutz, who have supported us throughout this journey. Come down and see us at 3301 Placida Road.

We ARE, A Breed Above the Rest.

DOWNTOWN JEWELERS
 480 W. Dearborn St. • 941-460-8535

I have been in the jewelry business for more than 35 years, and for the past 18 years, have owned Englewood Jewelers with my wife, Diana. We are originally from Michigan, where we previously owned two jewelry stores in the Grand Rapids area. As a family-owned business, Englewood is the ideal town for our full-service jewelry store. Jewelry is personal, whether I am designing a new piece, or restoring a family heirloom. I find it rewarding to hear expressions of gratitude when my customers pick up their newly created treasures. In 2017, we opened "Downtown Jewelers" on Dearborn Street in Olde Englewood. Downtown Jewelers specializes in eclectic silver jewelry. We have a great staff that shares our passion for beautiful jewelry and serving our loyal and new customers. At Downtown Jewelers is our manager, Katy, and at Englewood Jewelers are Pat and Cheryl. In addition, our dogs tag along to work with us every day: two pugs, Ruby and Dancer, and a shih tzu, Pippi. We work hard to bring a variety of styles from around the world into our store. Our engagement center is complete with a large selection, as well as our complete fine jewelry stock. All jewelry repairs are completed on premises, and we install watch batteries. We love living in our tropical paradise town of Englewood. I am a Sunset Rotary member and enjoy serving my community. Diana is active with Big Brothers, Big Sisters of the Suncoast. Stop in! We look forward to meeting you.

It's an amazing feeling when someone smiles and thanks me for serving them their favorite meal. 10½ years later and our community is still supporting us as strong as they did on our very first day. This journey definitely has not been easy, but it's been very rewarding. Although I didn't have any restaurant background, cooking was definitely a passion of mine. The motivation my family gives me, as well as our community, has put me where I am today. I'm one of 14 kids, and with a family that big, my mother always taught us to be independent. With lots of patient advice and, of course, great recipes from my mother as well as my wife, I learned my way around a kitchen. I've always wanted to implement the value of hard work to both of my girls, Karla (23) and Susana (15). Showing them that as long as you work hard for something you are passionate about, achieving that goal is much more rewarding. I moved to Englewood about 16 years ago, and without a doubt, it has been the best decision I've made.

Here to Hear LLC

"You can get everything you want in life if you just help enough other people get what they want" — Zig Ziglar.

I am committed to helping people hear and communicate as effortlessly and comfortably as possible.

I have been serving the Englewood community's hearing needs for well over 10 years.

Hurricane Ian brought some destruction, but in its wake, opportunities to fill a need. Prior to the storm, I saw a need for a mobile hearing aid service in Englewood. Being displaced during Ian was the opportunity to provide that service. Now I come to you!

I am Nationally Board Certified and am certified for wax removal. I offer this service in home. I do a comprehensive hearing test and examination to determine at what level your hearing is performing and if hearing help is needed (it may just be wax). Together we can help you not only hear better, but more importantly, to understand better!

My wonderful wife of 39 years and I left Wisconsin and moved to Florida in 1985. We have 3 adult children and 6 grandchildren and love every minute we can spend with them. We are active in the local boating and outdoor scenes. I am active in the Lemon Bay Sunrise Rotary and Moose 1933 clubs, serving on a number of boards and committees. I love giving back to Englewood.

Give me a call with any hearing questions or concerns you may have. I'm here to help!

When communication becomes easier, life opens up!

Pope Insurance Was Established In 1978 And Has Been Servicing The Insurance Needs Of The Local Community For Forty Years.

Brian Pope

As a sixth generation Englewood resident and the second generation at Pope Insurance, I am proud to help serve our Englewood community. I graduated from Lemon Bay High School in 2003 and the University of South Florida in 2008 before beginning my insurance career with American General Life and Accident. After working for a large corporate insurance company, I moved back to the Englewood area in 2013 with my wife, Katie, to participate in the family business. My wife and I have two young children and are very excited to raise them in this great beachfront community that I grew up in, and continue to call home.

Born and raised in Englewood. I moved back after graduating from the University of South Florida in 2008 to start my family and career. We truly enjoy the Florida lifestyle and I could not imagine raising my children anywhere else. With 15 years experience in the insurance industry, and 7 years at Pope Insurance, I am very excited to continue growing Pope Insurance into a full-service agency by offering Home, Auto and Business Insurance.

Ernie's Dockside Marine

Ernie's Dockside Marine has been in business since 1981. My family and I moved to Englewood when I was 10 years old and have made Englewood home. My love of the water and boats started at a young age with my father, who was also in the marine business.

Ernie's Dockside Marine recently moved to 2860 Avenue of the Americas. I am excited about this move as it gives the business a larger boatyard and is still in the heart of the commercial area of Englewood that is close to the water.

We service all major brands and have the latest computer diagnostics equipment for troubleshooting.

It has been my pleasure to serve the greater Englewood area for over 40 years and I look forward to serving the great people of Englewood and the surrounding areas for years to come!

The Englewood Sunset Rotary Club was founded on the **4-Way Test**.
We always try to conduct ourselves under these 4 principles.
1. Is it the **TRUTH?**, 2. Is it **FAIR** to all concerned?, 3. Will it build **GOOD WILL and BETTER FRIENDSHIPS?**, and 4. Will it be **BENEFICIAL** to all concerned?
We are blessed as a club to be able to help, where help is needed. Some of the organizations that we have supported are: The Jubilee Center, Kids Needs, The Literacy Center for Dyslexia, Young LIFE, Englewood Helping Hand, Boys and Girls Club, Team Tony, Dollars for Mammograms, Twig, Lemon Bay High School Athletics and Scholarships, LA Ainger Middle, Myakka River Elementary, Vineland Elementary, and Englewood Elementary Schools. These are just a few of the organizations that we have helped over the past year. Thank you for supporting our events Englewood!
The more we earn, the more we can give back. Together We Can!!

Growing up in Mexico, I was taught the value of hard work and perseverance. At the young age of 14, I migrated to America seeking work and the American Dream.

Immediately, I found work as a dishwasher at a local restaurant.

I faced many challenges along the way, including language barriers and cultural differences. However, I never gave up on my dream. With determination and hard work, I trained on the grill, eventually becoming Lead Chef.

After 30 years of service and loyalty, I decided to take a leap of faith and open Zarate's Restaurant.

Owning a business with my brothers has been one of the most rewarding experiences of my life. We have learned to trust each other's strengths and support each other through difficult times. Our business has not only provided financial stability, but has also brought us closer as a family.

As Mexican immigrants, we are proud to contribute to the American economy while maintaining our cultural heritage. Our success is a testament to the power of hard work, determination, and family support.

Hello Englewood! Just when we thought we were experiencing a bit of normal life in Englewood after Covid-19, we had to deal with a disaster named Ian. 2022, up until Ian, was a banner year for business. Growth in our area was a major contributor to the increase in business. Just as we were adapting to our new "normal", Ian happened. We experienced the challenges that every business in Englewood experienced: damage to our building, operating without power and internet for what seemed to be an eternity, running our shop with generators when there was no gas available in town. We did what we had to do to survive. We still finished the year with our best year in business ever. 2023 has proven to be even busier, and we have made all the repairs and upgrades necessary to accommodate the increased demand. A-1 Auto Care has served Englewood since 1997 and will continue for many years to come. A-1 Auto Care is a proud member of the Chamber of Commerce, as well as a member of the Lemon Bay Sunrise Rotary Club. Stop by and see what we have to offer. Service and experience you can trust!

MEN TODAY

EXPLORING THE RISK FACTORS FOR PROSTATE CANCER

man's risk for prostate cancer, which the Canadian Cancer Society says will claim the lives of more than 4,000 Canadian men this year.

One such risk factor is where a man lives. Men who live in rural China, for instance, have a relatively low risk of developing prostate cancer during their lifetime. That risk is only 2 percent if a man stays in rural China his entire life. But that risk increases significantly if a Chinese man moves to the West, where a man in the United States has a 17 percent chance of developing prostate cancer.

And not only does which country a man lives in play a role, but also the location of his home within that country's borders can elevate a man's risk for developing prostate cancer. Men who live in cities north of 40 degrees latitude (north of Philadelphia, PA, Columbus, OH, and Provo, UT) have the highest risk of dying from prostate cancer, and researchers feel this is because men who live in such cities get less sunlight during the winter months and therefore less vitamin D.

Race is another risk factor for prostate cancer. Asian men have the lowest risk of developing prostate cancer, while African-American men are 60 percent more likely to develop the disease than Caucasian men. The PCF notes that African-American men are also 2.5 times more likely to die from the disease, which highlights the importance that African-American men must place on screenings.

Family history also plays a role in a man's risk for developing prostate cancer. Men whose fathers or brothers have had prostate cancer are twice as likely to develop the disease. Their risk increases even more if their fathers or brothers were diagnosed with the cancer before reaching the age of 55 or if they had three or more family members who were diagnosed with prostate cancer.

Research into prostate cancer is ongoing and continues to unearth new information regarding this potentially deadly disease. The PCF notes, for instance, that the risk factors for aggressive versions of this type of cancer can differ from the risk factors for slow-growing cancers. As a result, risk factors that were once not linked to prostate cancer are now being linked to aggressive forms of the disease. Smoking, for example, might be a risk factor for aggressive prostate cancer, as is a diet void of vegetables. Neither factor, however, is thought to increase a man's risk of slow-growing prostate cancer. Additional risk factors for aggressive prostate cancer include height (tall men might have an elevated risk) and living a sedentary lifestyle.

Many men are aware of the importance of prostate cancer screenings. However, few might know that certain factors significantly increase their risk for being diagnosed with this potentially deadly disease. More information about prostate cancer is available at www.pcf.org.

African-American males are 60 percent more likely to develop prostate cancer than Caucasian men.

In the United States, one in six men can expect to be diagnosed with prostate cancer, while there is a one in seven chance that a Canadian man will be diagnosed with prostate cancer at some point during his lifetime.

Those elevated incidence rates could be a byproduct of an aging population, as age is a significant risk factor for prostate cancer. According to the Prostate Cancer Foundation, one in 10,000 men under age 40 will be diagnosed with prostate cancer. That figure skyrockets to one in 38 for men between the ages of 40 to 59, and one in 15 for men in their 60s.

Though age is perhaps the most significant risk factor, it's not the only thing that increases a man's risk for prostate cancer. In fact, there are a host of factors in addition to age that increase a

Wisconsinites are notoriously friendly, happy people and that is surely the case with Jeff Ament, who still is a Green Bay Packers fan, even though he has been a Floridian since 2010. No stranger to hard work, Jeff spent most of his life in the construction field building homes in his native WI.

This was a perfect segue into a real estate career here in beautiful Englewood, Florida, Jeff has a heart for community service and dedicates many hours to charitable causes. He has been happily married to his wife Donna, going on 38 yrs. Together they have two beautiful daughters, Christine & Tiffany.

He is the quintessential team player in the office and specializes in new construction, waterfront property and residential real estate in SW Florida.

Quick Signs

3502 North Access Rd.

941-460-0260

Quick Signs has been in business in Englewood for more than 26 years. My wife, Cyndi, and I purchased the business in 2016 after moving to Englewood to make our home here. We have enjoyed settling into this community that we know so well, having been frequent

visitors for many years prior to our permanent move here. Over these past 7 years of ownership of Quick Signs, we have come to know so many wonderful people here in Englewood. We are truly blessed.

With more than 36 years in the sign industry, we have the knowledge and expertise to help you get your message across with the right sign at the right price. We produce signs for professionals in real estate, small business, large business, government agencies and the general public. We would like to thank our customers for their loyal support, and we look forward to continuing to serve your signage needs. Please consider Quick Signs when you are looking for real estate signs, yard signs, banners, vehicle magnets, vehicle graphics or window lettering and more.

We are parents to two grown children. Tammy, who is a Student Placement Coordinator for the University of Buffalo and lives in our hometown of Buffalo, NY. Our son Jeffrey is a career Navy man who has been serving our country for the past 21 years as a Navy SWCC / Seal. He has risen to the rank of Senior Chief Petty Officer and has seen much of the world in his missions. He currently lives in Virginia Beach, VA with our daughter-in-law, Franny. We are also proud grandparents to two beautiful granddaughters.

*Not the suit-and-tie guys,
the do-it-right guys!*

Paradise Jewelers is a family-owned and operated business, and we take great pride in our "hometown" customer service. We have served Englewood residents since 1991, when Paradise Jewelers was established by my father, Glen Keaser. He began training me in 1993 and I am now a master jeweler specializing in custom settings and repair. Our master jewelers design custom fine jewelry to your specification from your unused or unworn gold or silver pieces. Paradise hand carves all of our custom mounts in wax, using your design or we can design one for you. All of our work is done in-house, whether it is a simple resizing or complete custom mounting. We also offer diamonds and gems, and are happy to clean and inspect your items as a complimentary service to all of our customers. We also offer watch repair and battery replacement, as well as vintage clock repair. We would like to welcome our third generation jeweler, Nathan Keaser. I would like to thank my father, Glen, for giving me the opportunity to take over our family business. Without his support and guidance, I would not be the man I am today. Thank you Englewood. I look forward to serving you for many years to come.

As a true Englewood native born in Venice Hospital I am extremely honored to serve the local community in any capacity that I am able, from business to volunteering. Englewood is where I was raised my entire life and reside currently with my amazing wife, two sons and daughter. Our love for the people and area is why I am incredibly passionate about the real estate industry. RE/MAX Palm Realty may carry worldwide brand recognition due to the franchise name, but all of my offices are locally owned. We understand that real estate is the largest asset most people will purchase or sell and have a team of award winning professionals armed with industry leading information, tools, systems and technology that ensures customers receive the highest level of service. Offering a heavily involved leadership team that has lived and worked in Southwest Florida for decades allows our company to maintain an exceptional level of professionalism, customer service, growth and community involvement while remaining rooted in a people first environment. We are proud to have been serving local residents since 2002. Due to our globally recognized staff and agents we have entered the elite group of RE/MAX offices to earn the National Multi-Office Brokerage of the Year Award. We provide a full service brokerage that includes property management as well as insurance and would love the opportunity to win your business.

Living and working in this great community has been a dream come true. Raising my children in the town that raised me is a blessing.

Maintaining and growing the legacy that my father started over 44 years ago still remains my goal. Although times are different and our obstacles are ever-changing, Taz Flooring & Design has weathered many storms and will continue to navigate through the unprecedented times we have been experiencing locally these past few years with COVID and Hurricane Ian.

We have made incredible progress as a community during these rough times, and Taz Flooring & Design continues as your ally as we work towards a brighter light. We continue to grow without compromising the values that we were founded on: Honesty, Integrity, Quality!

That said, giving back to this community has always been a very large part of what we do as just a token of our appreciation for all the love and support we have continued to receive over these many years. Being voted the "Best of

Englewood" annually has been very humbling and is just a testament to the quality service that we have provided and continue to provide to this great community.

Thank you again, Englewood, Cape Haze, Boca Grande, Palm Island, and the surrounding communities, for ALL your continued business! Remember... Taz Flooring & Design: We don't just stand behind our products, we stand on them!

ENGLEWOOD'S HOMEGROWN "Men At Work"

Lou and Louie Gemma, 2022

Louis Gemma was born and raised in Rhode Island. He began plumbing at age 16, and became a lifelong plumber from a family of lifelong plumbers. He did a term in the Marines before returning to plumbing with his family in Rhode Island, with an honorary discharge. In 1994, Louis moved to Hollywood, Florida and worked as a plumbing apprentice. In 2007, Lou moved to Englewood and took his Florida state Master plumbing license test and singlehandedly opened up Gem Statewide Plumbing. Lou started off as one plumber, one truck and a dream that has totally come true! Lou is currently training his son, Louie, and his niece to be the next generation of Gemmas to take the wheel. We have 30+ handpicked happy employees from all around the country and 20 stocked trucks working to keep our customers happy, as well. Today you can visit them at 3555 S.

When I moved to Englewood in 2006, Reliable Cabinets was strictly a supplier. The company is now known for reliable service, as well as customer service. I have also had to learn how to be a sales person, which I had never imagined. It led me to developing one-on-one relationships throughout the community.

Customer satisfaction motivates me. When someone calls to thank me for something, it lifts me up. Attention to detail keeps people spreading the word about the quality of Reliable Cabinets. The recession was a tough time. Keeping the doors open created stress, but we grew. The lessons we learned helped create our current business plan.

Being part of the community is something I love. Whether it's being a youth football, baseball or basketball coach, on the Chamber Board, on the EAE Scholarship Foundation Board, or a member of the Lemon Bay Sunrise Rotary, I love the connection with my community and giving back in any way I can. I want my children to understand what giving is, not getting!

Dave Galloway has been the driving force (along with his beautiful wife, Reneé) behind Galloway Roofing since its inception. There are many men and women that work hard and dedicate themselves to their work and their families, and Dave is no exception. He goes beyond every obstacle, having put into his company thousands of hours to ensure its success.

Dave picked up a hammer at a very young age and installed his first roof on his mother's pool home when he was just sixteen years old. The pride he felt after seeing his finished project made it clear to him that he wanted to repair and remodel homes, specifically roofs. Since then, Dave has proudly and diligently been applying roof systems to thousands of residential and commercial buildings both in southern New Jersey, where Dave grew up, and right here in southwest Florida, where he and his family have resided since 2006.

If you don't see Dave on a roof with his amazing team or in his office, then you

will certainly find him with his wife, Reneé, and their two children, Chance and Savanna, on the water where they spend most of their downtime.

Dave has provided jobs to dozens of people who think highly enough of their boss for them to put in the extra time and commitment, making certain each homeowner, builder and realtor are always satisfied with the exceptional service the Galloway Roofing Team provides.

Dave Galloway is a proud member of the Englewood Chamber of Commerce, Boca Chamber of Commerce, FHBA (Florida Home Builders Association), CDBIA (Charlotte DeSoto Builders Industry Association), a proud supporter of the CCSO and a past President of the Rotonda Rotary Club and current member, where he continues to volunteer his time to raise money for his community.

Billy Kimberlin Roofing, Inc. has been in business since 2004. Along with roofing, I currently serve as a commissioner with the Englewood Area Fire Control District, and a member of the Lemon Bay Sunrise Rotary Club.

My wife, Lori, and I recently celebrated 35 years of marriage. We have 2 boys who both work as first responders: Devin, 29, is a deputy with Charlotte County Sheriff's Department, and Daniel, 25, is a firefighter/EMT with the City of Venice Fire Department. We are blessed to have some amazing women in our boys' lives, Peyton, Amanda and Jada. We also have two beautiful grandchildren, Ellie (4) and Casen (9 months).

I currently hold a state roofing contractors license, along with an occupational license in Charlotte County. I also do work in Sarasota, Lee and Manatee Counties along with the City of North Port and City of Venice. I specialize in shingle, low slope and metal roofing.

I am both a certified contractor for GAF and Polyglass. GAF Timberline Series Shingles are our most popular, with a wind load capacity of 150mph, along with the ridge runner vent systems that will help your attic stay much cooler. Our metal installations consist of 5V and Standing Seam. We work on both residential homes and commercial buildings. If you find yourself in need of a new roof, please contact us for a free estimate.

We would like to thank the community for your support and entrusting us with the replacements of your roofs after the devastation of Hurricane Ian in our community. #ENGLEWOODSTRONG

Originally started by Gerard (Jerry) Couture, GJC Window & Door is now managed by his son, Dan Couture. Dan has been working alongside Jerry since he was in his early teens, and has been with GJC for the entirety of the business. With his MBA and CRC, Dan oversees all aspects of the business from measuring and ordering, to installation, scheduling and sales, with the assistance of his sister, Katie. This family business, now passed on from one generation to the next, continues to hold the original core values of taking pride in their work, and making sure to always put the customer first. "We take Pride in our work, and It Shows" was the original slogan, and 17 years later, still holds true! And while products and codes have changed over the years, one thing Dan has made sure to keep the same is GJC's pride in craftsmanship, work ethics and commitment to their customers.

Scott Daughenbaugh, Licensed Funeral Director with Lemon Bay Funeral Home and Cremation Services, has been an Englewood resident for 34 years. Our funeral home is nestled along the waterfront of Lemon Bay. Lemon Bay Funeral Home and Cremation Services have been serving families in the Englewood, Venice and North Port communities since 1972.

Our funeral home takes pride in offering you personal attention and distinctive service.

We offer some unique services to individualize each person; when families are unable to be present at a loved one's service, they may choose to view the services via the Internet. Meaningful creations, such as our Timeless Portrait, gives us the ability to re-design an old photograph or put many together to make an even more lasting impression. Another concept we have developed to treasure are our Video Tributes; they allow us to create a DVD that helps the family share special moments and celebrate the life of a loved one. The video tribute becomes a keepsake for the family to share with generations to come.

Meet Richard Jean, a realtor/broker who still enjoys helping people in all phases of real estate after 38 years in the business. Investment management referrals and listing/selling real estate, he loves it all. Richard is the president/broker of Suncoast Central Realty, 555 W. Dearborn St., where he lists and sells real estate. He is proud to say that he spent six years in the Navy, with his primary duty at the National Security Agency. It is one of the scariest and yet most rewarding risks he has undertaken in his life. Also, tied for the most rewarding risk is relocating to Englewood, purchasing a commercial property to open his own real estate company, while still managing his Nashua, NH real estate company, Central Realty, where he oversees 300 rental units. Richard – aka Dickie – owns and operates Dickie's Pizza, serving Englewood's "best eva" pizza for events, charities and first responders. When he is not working, he enjoys listening to music at local venues, spending time on the bay via pontoon or jet ski and loves to entertain, as cooking is a passion. He believes Englewood is the best place to live, work and play – Amen!

"Wow! That is a lot nicer than I thought it would be. Great Job!" Those are the words our customers use here at Omni Marine

after they see their new T-Top or Tower for the first time.

My job, as President of Omni Marine Enterprises, is to go beyond customer expectations and deliver the highest quality for a fair price. Our canvas and cushion shop, as well as our fiberglass shop, are held to that same standard. We are a one-stop shop for making your boat look like new, or accessorizing your new boat. I have put in a tremendous amount of time and hard work over the last 24 years to make Omni what it is today.

I moved to Englewood in 1978, at the age of 6, and graduated from Lemon Bay in 1990. Success has not come easily, but with hard work and consistency, Omni Marine has grown from one employee to nine. Along the way I have opened 2 more businesses: a repossession company and a powder coat shop. Both have grown at a record rate. Along the entire journey, my 25-year-old son, Brandon, has been understanding of how business ownership can pull you in different directions. I am always up for a challenge and at the end of the day, if the customer is happy, then that is the best advertising that you do not have to pay for. That's my goal.

OMNI MARINE

WE CONTINUE TO GROW!

Our newest office location is finally open at 2 S Indiana Ave in Englewood. If you haven't seen it yet, we invite you to stop by to check out the transformation. This new location positions us appropriately on each side of our peninsula and will allow us to best serve our buyers and sellers. We still maintain our original location at 8300 Wiltshire Dr, Port Charlotte and welcome you to stop by and see us there any time as well. With over 100 real estate professionals, we are ready to serve all of your real estate needs, whether it's residential or commercial. There's no minimum or maximum, we cover it all. Last, but most importantly, we want to thank you for all of your support. We have now sold over \$2 Billion in real estate, since our inception, and we're excited to continue serving our community.

Kevin started out in manufacturing as a welder and switched over to operations management in the glass business when he relocated to Florida from Cleveland. When asked why he left the glass business for ice cream, he said, "I never really left the glass business, I am still a consultant but I knew I always wanted to be my own boss. Our employees are young and new to the working world. I like to help them succeed and provide them with opportunities. It's a tough world out there and these kids need help along the way."

Kevin's ice cream vision was that he would make his ice cream with the freshest, most natural flavors, colors, and ingredients. Everything is made within 2 weeks of eating it. When making a new flavor, he makes a small batch and perfects the flavor. Once it's met his expectations, he will make a full batch.

He spends his spare time with his wife and two daughters. He likes to garden, spend time outdoors, play guitar, travel and go off-roading with his daughters on their side by sides.

My wonderful wife and I have only been in business for ourselves for a year and a half, but I have been working in the local water treatment business since I was a teenager. My first full time job was as a water treatment service technician as I worked my way through college at the University of South Florida at the Sarasota campus. After graduating in 1997 with a bachelor's degree in criminology and a few years working for the State of Florida, I realized my calling was water treatment. I enjoy solving the problems with our local well water and making it the best drinking water. Being part of Englewood and raising my 2nd generation Floridian son in this community is something I take great pride in. I was born and raised in Tampa, FL, and after graduating from high school with no clear direction, I joined the U.S. Navy. I served with honor for over 23 years, attaining the rank of Chief Petty Officer. During my time in the Navy, I earned a B.S. in Management and an M.B.A. in Global Management.

After retiring from the U. S. Navy in 2004, I used my military counseling experience and worked in corporate HR positions, rising to Director of Training for a large Fortune 500 corporation. However, I always felt like I could do more to help people, so I returned to school graduating with honors with a M.S. in Counseling and Psychology in 2012.

After obtaining full licensure in 2017, I took a leap of faith and opened my own private practice in Englewood, FL. I help adolescents and adults overcome anxiety, depression, substance use and/or ADHD. I also work with parents to help them navigate the school system to ensure their children receive the best education available.

I am happily married to Dana Goodrich Kuhn, and between us we have five children. I have recently expanded my practice and we are accepting new clients in person or online. We have afternoon, evening and Saturday hours to accommodate working professionals and school hours. Mike Douglass Plumbing is a successful full-service plumbing company. At the helm guiding the business, while maintaining reliable, excellent customer service, is President David Ray.

David had a successful plumbing company in Illinois before selling it upon moving to Florida. He joined Mike Douglass Plumbing in 2011 with four employees and it has grown to over 40 employees to meet the plumbing needs of Englewood area residents.

David is motivated by growing a successful full-service plumbing and lining company to help the community and his employees. Dave's vision is growing the business throughout the state. His biggest business challenge is communicating and understanding the needs of a variety of different customers and employees to ensure Mike Douglass Plumbing satisfies its customers.

David's proudest achievement is raising three daughters and he always tries to be an influential part of his family's life. He keeps his family time separate from any work issues. He enjoys planning family vacations, trips, and events to unwind with his family.

David was born and raised in Englewood, Florida, went to Vineland Elementary School and graduated from Lemon Bay High School in 2020. That was a challenging year for most students and everyone in general.

He started working in the family-owned business at Swirls n Curls Ice Cream at age 16, when he was still in high school. After graduation, he decided to work with diesel mechanics and enjoyed learning that trade.

In 2022, David got involved with the family businesses and learned management skills to

further the family legacy. He has also started real estate classes and wants to become an agent for Sunnybrook Realty, another family-owned business.

David's family has owned several local businesses for over 30 years in the area. He wants to achieve many goals, one of which is to join the Englewood Chamber of Commerce and be a part of their Leadership Class. He wants to be an asset to the community, especially from a younger prospective.

He doesn't mind working many hours and dedicating the time needed to be successful.
